Located on the 46th floor of The Plaza in Central Jakarta, Yugen Shabu & Sukiyaki elevates the shabu-shabu experience to the highest level. This stylish Japanese eatery pampers gourmands with a beautiful venue of understated elegance and highly marbled wagyu beef from boutique cattle houses in Japan. The meticulous attention to detail starts with sourcing the ingredients, all of which are imported for a refined dining experience. The broth is a mild mixture of Japanese spices and a warming pepper that is carefully prepared over several hours as the perfect accompaniment. Finely sliced beef is some of the best to be found: Japanese Satsuma Gyu A4 and A5, and Australian wagyu MB9 – even the vegetables are imported.

Terletak di lantai 46 The Plaza di Jakarta Pusat, Yugen Shabu & Sukiyaki membawa pengalaman bersantap shabu-shabu ke tingkat yang lebih tinggi. Restoran Jepang yang *stylish* ini siap memanjakan para tamu dengan ruang makan mereka yang elegan serta daging sapi premium yang diimpor langsung dari peternakan berkelas di Jepang. Perhatian detail dimulai dari pemilihan bahan baku mereka, yang seluruhnya diimpor untuk menciptakan pengalaman bersantap yang mewah. Sup kaldunya merupakan perpaduan halus dari rempah Jepang dan juga lada penghangat yang dipersiapkan dengan seksama selama beberapa jam sebagai menu pelengkap yang nikmati. Daging yang diiris tipis terdiri dari Japanese Satsuma Gyu A4 dan A5, serta Wagyu MB9 dari Australia. Bahkan sayur mayur penyertanya pun merupakan bahan baku impor.

“Fairy tale-inspired restaurant in the heart of nature”

One of the themed restaurants at the one-stop leisure destination Dusun Bambu in Bandung, Lutung Kasarung takes its name from a local folklore, offering a fairy tale-like setting to enjoy a delicious food and drink menu. The restaurant comprises private dining areas that resemble nests, perched on treetops and sprawled amidst lush, natural greeneries. The menu draws inspiration from picnic spread, infused by rich, local flavours. The Paket Arimbi is ideal for sharing, comprising an array of delicacies for six people. Furthermore, the à la carte menu highlights favourite dishes like the tahu templok, tumis bunga pepaya teri Medan, karedok and more.

Salah satu restoran bertema di destinasi liburan Dusun Bambu di Bandung, Lutung Kasarung mengambil namanya dari cerita rakyat setempat, menawarkan suasana seperti dongeng untuk menikmati menu makanan dan minuman yang lezat. BRINGING PAST CHARMS TO THE PRESENT

As the well-known capital of East Java, Surabaya started out as just a regional port but has grown to be so much more. Often considered as where the old meets new, the second largest city in Indonesia is lined with modern skyscrapers, traditional Javanese infrastructure, and colonial heritage buildings.

A pulsing dining scene is present, offering a mixture of international cuisine such as Italian, Indian and Chinese, as well as traditional Indonesian classics. To go alongside the rich food and drink culture in Surabaya, elegant hotels and bars can be spotted, scattered around the chic streets of this Indonesian tourist centre.

“Bringing modernity into the heart of Java”

Poised on a leafy tree-lined street rising above the heritage-rich city’s main avenue, Alila Solo features a strikingly innovative design with nine avant-garde accommodation towers of varying heights, which create a star-like pattern of interior corridors. The 255 rooms and suites at Alila Solo continue to meld modern style with subtle Javanese nuances. Outside of the rooms and suites, Alila Solo continues to dazzle. Beginning with Largo, a realm of resort-like relaxation located on level six, guests can take a dip in the large swimming pool, soak up the heat on the sun deck, relax at Spa Alila, or work out at Gym Alila, whilst the little ones play in the children’s pool and club. In addition to Largo, other dining venues include the all-day dining Épice and the city’s highest rooftop bar, Agra.

Berada di jalan yang rindang dengan deretan pepohonan yang menjulang di atas jalan utama kota yang kaya akan warisan budaya, Alila Solo menampilkan desain yang sangat inovatif dengan sembilan bangunan *avant-garde* dengan ketinggian bervariasi yang menciptakan pola koridor interior seperti bintang. Ke-255 kamar dan *suite* di Alila Solo memadukan gaya modern dengan nuansa Jawa yang halus. Di luar kamar dan *suite*, Alila Solo terus memesona. Dimulai dengan Largo, area relaksasi bergaya resor yang terletak di lantai enam, di mana para tamu dapat berenang di kolam renang besar, berjemur santai di dek, menikmati Spa Alila atau berolahraga di Gym Alila, sementara si kecil bermain di kolam renang dan klub khusus anak-anak. Selain Largo, tempat makan lainnya termasuk Épice yang buka sepanjang hari dan bar tertinggi di Jawa Tengah, Agra Rooftop & Lounge.
